BEET CROP IN THIS DISTRICT MAY BE 120,000 TONS

The beet area this year in the Ogden factory territory, is 9,500 acres, or about 2,000 acres more than last year, but it is claimed that the tonnage will not be correspondingly heavy. The continued drought of this year has lessened the yield per acre. Last year the production was about 15 tons to the acre, but it is estimated that it will not exceed 12 tons this year.

Last year about 114,000 tons of beets were raised in the Ogden factory territory, but it will be considerably greater than that this season, field managers estimating from 115,000 to 120,000 tons.

It is stated by officers of the Amalgamated company that men will be placed in the sugar beet fields next week to make estimates of the tonnage. Last year the estimates of the crop before it had been harvested varied only a few tons from the actual harvest.

Should there be rain within the next two weeks, the crop would be greatly benefited and the tonnage increased.

SUPERINTENDENTS OF SUGAR FACTORIES ARE CHANGED

Due to the death of Supt. George A. Woodruff of the Burley sugar factory, in an automobile accident a few months ago, changes in superintendents of the Amalgamated Sugar company have been made at the northern factories by Manager L. R. Eccles.

A. Thomas of the Logan factory is to take the place of Mr. Woodruff at Burley. E. M. Cole was called to the superintendency at the Lewiston factory and Charles Geddings was given the superintendency at Logan.

Manager Eccles spent yesterday in Cache valley in the interests of the sugar company, and also making a general inspection of the construction work on the Brigham-Wellsville extension of the Ogden, Logan & Idaho Railway company, and the operation of completed divisions of the electric line in the north section.

Mr. Eccles states that sugar beets are looking better in the north part of Utah than in Weber county and that he expects a larger tonnage per acre there. However, he states that there will be a heavy crop in all parts of the country and that the sugar factories will be kept busy this year handling all the beets.

He states that prospects for the potato crop in northern Utah is not very bright, as the crop is threatened with blight.

GANG OF THUGS ARE BEFORE THE JUDGE

The first inning in the case of the State of Utah vs. James Rose, Harry Miller, Albert Johnson, John Doe and Richard Roe was staged this morning before Acting Municipal Judge George S. Barker on a charge of grand larceny. The defendants and this was set for August 10. They are alleged to have robbed Nelson Cook of a watch,

a revolver and holster, a suit of clothes and a pair of shoes, several nights ago while on their way to Evanston, Wyo. They were arrested at Evanston and brought back to Ogden by Sheriff T. A. DeVine.

James S. Burrows, who was arrested yesterday evening, pleaded guilty to a charge of operating an automobile without a state license number, and was fined \$5.

STARTS SUIT TO RECOVER \$200

In the district court, Marie Gasset has commenced suit against Charles Echevarria et al. to recover \$200, alleged to be due on a certain promissory note claimed to have been issued in July, 1914. The note is alleged to be secured by a chattel mortgage which the plaintiff seeks to foreclose.

DIVORCE CASE HAS BEEN DISMISSED

In the divorce case of Ella Mitchell against Frederick Mitchell, the defendant has been cited to appear in the district court August 16 and show cause why he should not be required to pay alimony and costs of the action.

In the case of Violet Vaughn against William Vaughn, the attorney for the plaintiff has dismissed the case.

INSPECTION TRIP OVER LINE TO PRESTON

Yesterday, Manager P. D. Kline of the Ogden-Logan & Idaho Railway company and Manager L. R. Eccles of the Amalgamated Sugar company, in company with representatives of the Wells-Fargo Express company, made a trip of inspection over the interurban line to Preston, Ida., and return, covering a distance of 240 miles. The party left at about 9 o'clock in the morning and arrived in Ogden on the return trip at about 11 o'clock last night.

Both Mr. Kline and Mr. Eccles said that they found conditions favorable, and the express men were well pleased with the outlook for business over the road when it is completed between Brigham and Wellsville. Arrangements have been made for transportation of the Wells-Fargo express over the electric line.

DYNAMITE ON ONE OF OCEAN LINERS

New York, Aug. 6.—It became known at police headquarters here today that a stick of dynamite was found aboard the White Star liner Arabic the day before she sailed from this port for Liverpool, on July 28. The explosive, in such a state of deterioration that experts said it would have exploded at the slightest jar, was found by a stewardess between hot and cold water pipes. It was wrapped in newspapers.

"So sorry not to have heard your lecture last night," exclaimed the loquacious lady. "I know I missed a treat; everybody said it was splendid."

"I wonder how they found out," said Mr. Frodo; "the lecture, you know, was postponed."

NOT A BEAUTY SHOW BUT A SCIENTIFIC EXAMINATION

Do you know how to bring up a baby? Are you sure that he is as big, and strong and healthy as nature intended him to be? You can easily find out whether your method is right by bringing your little one to the Child Welfare examination to be held at the Free Dispensary, 2459 1/2 Washington avenue, August 25 and 26, under the auspices of the Children's Aid society.

These examinations are not merely for the big fine babies. The standards used are for average children, and it is a fine opportunity for mothers to learn of the little imperfections in their children, and the mistakes they are making in the care of them. This is a scientific movement to improve the race by holding up certain physical and mental standards of perfection to which every mother should aim to bring her baby. Good looks and fine clothes are not considered, but physical and mental development.

If you have a 100 per cent baby you ought to know about it. If your baby has defects which caused him to be scored low, you ought to know about it, so that you can remedy them, and ultimately have a perfect baby.

This movement, making better babies is a great movement, because it will mean better men and better women and a better nation.

This examination is open to the public, but your baby must be registered, as only those entered on registration days, will be examined.

Call at the Dispensary, August 7, or August 14, from 2 until 5 o'clock, and have your baby's name entered for the examination.

OLD MAN DEFIANT AS HE LEAVES THE POLICE COURT

"Gee, I could have been to Promontory Point by now, if I were a thief," was the exclamation of James H. Hayes this morning in the municipal court when the judge found him guilty of petit larceny. He appeared very indignant at the verdict and shouted, as he was led away by Desk Sergeant Walter Wilson:

"If you get these shoes off me, you'll have to take them by force." The theft for which the old man was found guilty was a pair of new shoes, which he had traded to H. Rozen, a lower twenty-fifth street merchant. According to the statement of Rozen, Hayes made a bad trade and later regretted it, and, according to Hayes, Rozen virtually forced the exchange upon him. Another pair of shoes was involved in the trade and the verdict of the judge was based on the fact that both pairs were in the defendant's possession.

The new shoes were ordered returned to Rozen, but, in view of the circumstances, Hayes was given a suspended sentence. The case was tried yesterday and the defendant was allowed freedom on his own recognizance at that time, promising to return this morning.

The trial of Cesare Enrietto, on the charge of selling liquor without a license, was set for Friday, August 13, and he was released on \$300 bail. In the case of the City vs. Mrs. G. Boeig, taken under advisement yesterday, the defendant was adjudged guilty and was fined \$5. She was charged with peddling without a license.

Warren Turner, Lewis Lauders, Mike Petrillo and John McKenney, plain drunks, were given suspended sentences and the case against A. J. Morris was dismissed on motion of the assistant city attorney. Morris was charged with disturbing the peace, but the complaining witness failed to appear. J. F. Bashay and Ray Williams, who, according to the testimony, engaged in a fight yesterday afternoon in the McCarty saloon, each received an alternative sentence of a \$5 fine or five days in jail. They were arrested by Sergeant H. C. Peterson and Detectives Robert Chambers and Tom Burk.

STERN ORDERS TO U. S. BATTERY

Troops at Border Will Shell Either Faction If Bullets Are Sent Into American Territory.

Nogales, Ariz., Aug. 6.—Battery C. of the Sixth United States field artillery arrived here from Douglas, Ariz., today to protect American lives and property from the fire of the warring factions in Sonora, Mex. It was stated that the battery had fled into the American town of Nogales during the fighting Wednesday.

The Carranza forces which attacked Nogales, Sonora, Wednesday and then withdrew, have drawn closer to the town with reinforcements which are said to consist of 500 men and two pieces of artillery. It has been definitely established that six bullets flew into the American town of Nogales during the fighting Wednesday.

FOREST FIRES ARE BURNING ON COAST

Los Angeles, Cal., Aug. 6.—Two forest fires in the San Bernardino mountains and one in the foothills behind Glendale, a suburb, kept the fire fighting forces of the forest service busy today.

Much pine timber in Santa Ana canyon near San Bernardino was reported destroyed and 2,000 acres of brush near Sunland was burned by fires said to have been started by lightning. For the most part the watersheds

CLAUDE SAWYER FOUND GUILTY

Judge Sentences Bank Robber to Five Years in Oakland Penitentiary.

Chandler, Okla., Aug. 6.—The jury in the case against Claude Sawyer,

charged with being a member of the Henry Starr gang which robbed two banks at Stroud, Okla., this afternoon returned a verdict of guilty. Judge Charles B. Wilson immediately sentenced Sawyer to five years in the state penitentiary.

More of Starr Gang Arrested. Sapulpa, Okla., Aug. 6.—Charged with being members of the Starr gang of bank robbers and suspected of being implicated in the robbery of banks at Kiefer and Keystone, Walter Speas, S. K. Russell and "Puss" Irwin, all heavily armed, were arrested today while encamped near Chandler, Okla., where alleged members of the Starr band were being tried.

Three members of the band that raided the Stroud banks are known to have escaped and were believed to be hiding in this county. Recently Sher-

iff Lew Wilder received an anonymous letter which stated that on Wednesday or Thursday an attempt would be made to liberate Henry Starr and the men accused of being his accomplices, now in jail at Chandler.

With several deputies the sheriff left Thursday in a motor car and the morning while searching likely camping places near Chandler on foot, surprised the trio who surrendered without resistance. They were placed in jail here in default of \$5,000 bail.
